

## **2016-2017 Scholarship Recipient**

*Betcher Family Foundation Scholarship*

*Mr. A. E. DeAtley Scholarship*

*Larry Johnson/Prime Construction Co. Scholarship*

### **Jessica Harris**

*Junior, Central Washington University*

Jessica is working toward her Construction Management degree at Central Washington University. She is involved in the AGC student chapter, serving as vice president for the 2016-2017 academic year. She also works full-time for the Dean of the College of Education and Professional Studies at CWU.

Jessica has always had a passion for construction and had the opportunity to intern for Guy F. Atkinson Construction as a project engineer on a Renton roadway project. She competed at the 2016 Associated Schools of Construction (ASC) Reno Construction Competition in February as a team leader, and has been selected to participate in the 2017 competition as well.

After graduation, she would like to join a competitive general contractor team specializing in heavy-civil projects. Outside of school and work, Jessica enjoys hiking with her fiancé, staying involved in her community, riding horses, and raising a small herd of beef cattle.
