

2017-2018 Scholarship Recipient

Frank and Susan Young Endowment Scholarship

Robert W. Austin Memorial Scholarship

William and Jean Scott Scholarship

AGC EF Investing in Leaders Scholarship

Morgan Harpel

Senior, University of Washington

My name is Morgan Harpel, and I am working toward my Construction Management degree at the University of Washington. I will graduate with a Bachelor of Science in Construction Management paired with a minor in Architecture in June 2018.

I spent two summers interning for Jones and Roberts Construction in Lacey, Washington before taking an internship with Skanska in January 2016. Until recently, my experience was solely K-12 projects. Being involved in the construction of educational facilities that are utilized by so many kids and community members meant a lot to me; I will likely return to this sector once I've gained experience on other project types. I am currently staffed on the Charter Hotel project in Seattle. This project has been a nice change of pace and has exposed me to high-rise construction.

I was a member of the UW Commercial competition team that competed in Reno last winter and will return as the captain this year. In my free time, I enjoy playing basketball and golf. My travelling thus far has been limited, but I hope to get out of the country and explore a bit after graduating before transitioning to a full-time project engineer.
