

## 2019-2020 Scholarship Recipient

*Employees of Foushée & Associates Inc. Construction Training & Education Fund Scholarship*

### **Lauren Anderson**

*Senior, University of Washington*

My name is Lauren Anderson and I am pursuing a degree in construction management at the University of Washington. I am in Air Force ROTC and I am a member of the Blue Dragon Honor Guard.

I have been interested in construction for as long as I can remember. I started off my college career pursuing a degree in civil engineering. However, after learning about the construction management program and career field, I discovered that CM was the perfect fit for me.

I began interning with Howard S. Wright this past June. I hope to be successful working on their Bellevue College Student Success Center project. After graduation I will serve in the air force. After my time serving, I hope to rejoin the construction industry and work with a general contractor.

In my spare time, I enjoy being with my family and friends, reading, watching shows, hiking, cooking, and swimming.
